

There are some obvious errors here and a few records that require double checking so you can expect an improved map within the next few weeks.

In particular we wil look at all claims of Yellow-collared west of the Rift.

**Yellow-collared Lovebird**  
yellow circles

We will check these few records of Fischer's from Arusha. There is a known population of Fischer's near Tinga Tinga and north of Mt Meru that may have originated from escapees from the bird trade.
